

atives on the Statehood Hill. It is an unusual, if not unprecedented thing to hold a House caucus on any bill that has been through the House once, but that seemed the only way out of it. So the House caucus has been called for 3 o'clock tomorrow afternoon. It was not decided until late this afternoon to call this caucus, which is another indication of the condition of the House, which the leaders of the House have been thrown by the adoption in the Senate of Mr. Hard's amendment.

Now the plan is to have the caucus held to decide upon the passage of the bill in the House. It is the plan, that is, to make one State out of New Mexico and Arizona, or else to leave out both New Mexico and Arizona and let only Oklahoma and Indian Territory as one State. If the latter course be adopted, then, next session, when the Speaker will have still greater power, on account of the larger Republican majority, there will be another Statehood Bill making Arizona and New Mexico into one State.

The House leaders undoubtedly have sufficient votes to put through their plan in a majority vote, but it is a question whether they can make all Republican members have their backs to the party whip in any such vote. If twenty Republican members will stand up in caucus and say they will not vote for the bill, they will be able to force the bill to pass, and there will be, finally, a fair vote on Mr. Hard's amendment in the House, and it will go through.

Representative Needham of California said tonight that, so far as he is concerned, he is going to tomorrow's caucus and protest against caucus action, but he will vote on the measure against their conscience, and Mr. Needham, who is making a masterful address tonight for Arizona, is going to say some things that will cause many Republicans to pause and think before they allow themselves to be driven like cattle against their will and against what they believe to be for the best interests of their country. If everything else fails, however, there is still one anchor to windward, and that is an amendment put into the bill by Senator Foraker of Ohio, providing that Arizona and New Mexico shall be united in joint Statehood only after the people of both Territories have voted in favor of that scheme. That provision will stay in the bill, anyway, it is believed, and under it, at an election that will be held if the House bill passes, the people of Arizona will vote to the polls and repudiate this scheme to wipe out their Territorial boundaries.

**RAILROADS RATES AGAIN.**  
INCREASED AT WHITE HOUSE.  
(BY THE ASSOCIATED PRESS.—A.M.)  
WASHINGTON, Feb. 9.—(Exclusive Dispatch.) The subject of railroad rates was discussed today by the President and the members of the committee presented to the President regarding his attitude on the freight rate question. They pointed out to the President that, although Spokane is 400 miles east of Seattle, the shipper from Seattle to Spokane is forced to pay freight from the East to the full rate to Seattle and the local rates from Seattle to Spokane, although the goods are unloaded at Spokane directly from the East. Senator Mann of New Jersey also talked briefly with the President. He is of the opinion that his resolution will command a majority vote in the Senate.

**FOR POWER TO SIT.**  
(BY THE ASSOCIATED PRESS.—A.M.)  
WASHINGTON, Feb. 9.—The resolution to be introduced in the Senate by Mr. Keas of New Jersey, providing that the Committee on Interstate Commerce shall sit during the summer for the investigation of the subject of railroad rates legislation will not be approved until it has first been approved by the committee.

The plan to have the Senate Committee investigate thoroughly the subject of rate legislation has been approved by a large number of Senators of both parties. It is said that the committee will work along the lines of perfecting the Esch-Townsend Bill and incorporating therein a measure to provide for reach private car. The idea is that if the committee is ready to report in October or the first of November, notice will be sent to the President, and if he is so inclined, an extra session may be called.

**JOHN P. JONES'S BONES.**  
CLEW TO THEM IN PARIS.  
(BY THE ASSOCIATED PRESS.—A.M.)  
WASHINGTON, Feb. 9.—Ambassador Porter has some reason to believe that he has at last discovered the remains of John Paul Jones. About four years ago he secured a clew which indicated that the remains of John Paul Jones, who died in Paris, had been interred in a small urban cemetery, but a search for this cemetery disclosed the fact that it had been abandoned early in the last century, and that its site was covered with buildings, leaving little hope that any remains of corpses interred there could be found. The facts were represented to the State Department at that time, and there the matter rested until recently. Not long ago, however, Mr. Porter came into possession of some additional information which warranted at least the hope that the sailor's skeleton was not reburied where the buildings were erected, and that if no response be made to the foundations or within the cellar of some of the dilapidated flats which stand on the ground once occupied by the cemetery.

After twenty-four hours of moderate temperature, which broke the long continued severe cold spell, Omaha has again in the grasp of a fierce blizzard.

**Conductor Marsh of Overland Limited Killed and Twenty-five of His Passengers Injured in Crash Near Melbourne, Iowa.**

(BY THE ASSOCIATED PRESS.—A.M.)

DES MOINES (Iowa), Feb. 9.—Eight coaches of the Overland Limited on the Chicago, Milwaukee and St. Paul Railway, which left Chicago last night for the West, crashed through a bridge a mile and a half west of Melbourne, Iowa, early today. Conductor H. M. Marsh was killed and twenty-five people were injured.

The most seriously injured are: C. A. Morris, brakeman; F. H. Reid, Perry; hips and legs; George W. La Roy, baggage man; Charles E. Clark, Bayard, Iowa; leg broken, face cut; Mrs. F. A. Smith, Marion, S. D.; back and stomach; Edith Winters, Omaha; hips, legs and back; Charles E. Clark, Bayard, Iowa; leg broken, face cut; Mrs. F. A. Smith, Marion, S. D.; back and stomach; Edith Winters, Omaha; hips, legs and back.

The bridge, where the accident occurred was 100 feet in length and thirty feet in height. At the time of the accident the train, which was a double-header, was running at a high rate of speed. The second engine jumped the track just as the bridge was reached and weakened the timbers of the trestle. Both engines managed to pass over, but eight coaches pitched down through the bridge, carrying the whole structure with them. The observation car alone escaped.

Physicians were rushed to the scene from Perry and Marshalltown, accompanied by nurses. The dead conductor and injured were removed as quickly as possible. The injured were taken to Rhodes, where they were given treatment.

**ATLANTA SHUT OFF.**  
Owing to Storm of Rain and Sleet, Communication With Southern City is Cut.  
(BY THE ASSOCIATED PRESS.—A.M.)  
LOUISVILLE (Ky.), Feb. 9.—While conditions resulting from the long-continued rain and sleet storm show a slight improvement in the Southwest today, there is no betterment of the situation from the Mississippi to the Atlantic Coast.

Atlanta has been shut off twice since Sunday and nothing has been heard from there by wire for fourteen hours. Twenty-five hundred telephones are useless in Atlanta and there have been no electric lights for three nights owing to the demolition of wires.

## PACIFIC SLOPE. HIGH WATER LAVES YUMA.

Citizens Labor Valiantly to  
Strengthen Weak Points.

River Half Mile Wide at the  
Main-street Bridge.

No Work for Multitude at  
Portland—Weber Case.

(BY DIRECT WIRE TO THE TIMES.)

YUMA (A. T.) Feb. 9.—[Exclusive Dispatch.] The Colorado River has risen 2½ feet in 24 hours. At midnight last night it registered 29 feet, which is the highest water since the river dried, when it was 23 feet and the town was wiped out. Citizens with shovels and scraper teams have labored all day strengthening weak points. The government levee on the Gila side is generally conceded to be safe, but the embankments on the Colorado River are causing grave apprehension. On several breaks occurred there today, and the Territorial Prison and another close to the Yuma Water and Light Company's powerhouse. Had these breaks occurred at night, the loss of life might have been great, but hundreds of willing hands soon saved the town for the present. All points are being closely guarded. The pressure of water is something tremendous. Main street is two feet below the level of the Colorado. Should the river continue to rise, high-water work will likely be reached in the next day or two, when the result cannot be foretold. The Colorado River at the foot of Main street is half a mile wide, and at the second bridge is still wider. The irrigation canals below town are being taxed to the utmost, but so far all the headgates are holding out. The lower Colorado Valley is a side water.

THANKS FOR BARD.  
ARIZONA LEGISLATURE ACTS.

WEBER MURDER TRIAL.  
EXAMINATION OF GEAR.  
[BY THE ASSOCIATED PRESS.—A.M.] AUBURN, Feb. 9.—At the opening of the Weber trial this morning the examination of Clarence Gear was resumed. He stated that on the morning after the fire, he, with Adrian Willis, a defendant, and two others, went to the ruins of the house. He told of finding of Julius Weber's body in a bathroom.

A defendant did not go up to the house, but stopped at the gate. Gears took the remains, when found, as undertaker's. Witness found the old where the body lay, three rooms, damaged by fire, and three men, named, Elie, Adolph, and Adrian. He went to the Snowden residence the morning. The witness did not go to the witness did not understand, and replied: "Well, I don't see why he could not get out."

The witness heard him say nothing about his family. He saw Ruth Adolph get in the piano-room window, but did not remember their names. He saw the furniture. He did not say anything about meeting the defendant from the front steps at the preliminary examination or inquest, because he was not asked. He met him just before the (the witness) got to the bottom of the steps.

The glass in the front door was broken, the flames in the hall being enough to break it. He saw Herbert Morrow break the south window of the piano-room. He did not think it possible that Adolph was on the front steps for he did not see him. He did not know who passed Earl out of the window. He saw Ruth come out of the window. He thought that Fred Kolts and himself were the only ones on the porch at the time the first body was taken out. He did not think anyone assisted him to carry down the bodies of Fred and Mrs. Weber. He did not think it possible that Adolph was on the front steps of the porch steps. His testimony at the inquest that Jack Campbell was in the piano-room must have been a lie, as he never saw Campbell in the room. He had heard Campbell say he was there.

PORTLAND (Or.) Feb. 9.—Workmen, both skilled and unskilled, are doomed to disappointment, who come to this city in answer to fake advertisements appearing in newspapers at San Francisco and possibly other places, stating that there is plenty of work for all workers at the Lewis and Clark grounds. The fair has already attracted workmen to this city than can be employed, and those who come hereafter will find nothing but idleness and persistent starvation staring them in the face.

## NEW YORK IN SLUSH.

American Metropolis Experiences  
Several Degrees of Misery, and  
More Snow and Cold are to Follow.  
California Attracts.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Feb. 9.—[Exclusive Dispatch.] After passing through successive stages of ice and snow, then ice and mist, New York City today passed through the miserable stage of slush, and still curses in the midst of it. Last night's freeze was followed by two inches of snow, and at daybreak the temperature rose rapidly, a steady rain turning the streets into quagmires. Many streets are in deplorable condition, and car lines in many sections are out of business. In many years the streets have not been in such altogether wretched condition. It is growing colder, and the weather man predicts more snow, followed by a big drop in temperature. If the prediction comes true, it will mean terrible suffering to man and beast. The drop in temperature here will turn the streets into an inch of ice, dangerous to travel and causing enormous losses to business. Judicious advertising this winter, of Southern California's splendid climate and resources could not have failed to produce splendid results, for the winter has been the worst recorded since 1888, and thousands, utterly disgusted with frequent changes and resultant misery, are ready to listen to reason.

BURNED SELF AS SACRIFICE.  
Frances Wakley, twenty-three years old, crazed by study of the teachings of Baha-Ullah, offered herself a living sacrifice. She saturated her clothing and burned herself to death in her home on Lowe avenue. For weeks the girl, her mind weakened by the study of the mystic cult, revealed, according to its followers, by the revelations to Baha-Ullah and to Bab, had planned the sacrifice. She told those who knew her that she met Christ at meetings of the cult, and she had talked with a "divine" spirit. She was commanded to sacrifice everything, she declared.

Charles Edward Brown, secretary of the Central Electric Company, won his sensational divorce suit against his wife, Mrs. Katherine Graves Brown. He was granted an absolute decree by Judge Heard. Mrs. Brown is condemned by Judge Heard in his decision as a drunkard, and as leading a life making her unworthy to enjoy association with her little son, for whose care she has contested her husband.

## FOUR SENATORS ARE ARRESTED.

Alleged Boddlers Taken in  
Custody at Sacramento.

Upshot of Work of the Dis-  
trict-Attorney's Office.

Vunket to Race Tracks in In-  
terest of Public Morals.

(BY THE ASSOCIATED PRESS.—P.M.)

SACRAMENTO, Feb. 9.—[By Atlantic Cable.] The grand jury, through its foreman, B. U. Steinhilber, tonight returned indictments against Senators Emmons, French, Bunkers and Wright, charging them with receiving a bribe. The grand jury made its report before Judge Hart, who immediately issued bench warrants for the arrest of the accused.

Sheriff Reese and County Detective D'Neil, with District Attorney Seymour, through whose efforts the indictments were returned, at once left for the Capitol, where the Senatorial investigation was in progress, to arrest the alleged boddlers.

Senator French was the first to be taken into custody. He was sitting at his desk listening to the cross-examination of Joseph Jordan, the confessed go-between. Reese tapped French on the shoulder, whispered that he was under arrest, and the two withdrew. From the Senate chamber with hardly anyone being aware of what had taken place.

At 9:30 o'clock, Sheriff Reese found Harry Bunkers, chairman of the Retirement Committee, in the Senatorial chamber. He placed him under arrest, and the two were taken before Judge Hart, who fixed the bonds at \$500.

Attorney Jacobs, for the accused, secured bondsmen, and the two were released from the custody of the Sheriff. Supervisor Joseph Kelly of Oakland and J. D. Moffitt, brother of the late Senator Frank Moffitt, went on Bunkers' bond, and the two withdrew to the Senatorial chamber.

Senator E. J. Emmons was the third accused boddler to be taken into custody. He received an intimation early in the evening of what was going to take place, and he had hurried up to the State House. He was taken into custody by the Sheriff, and he was taken to the County Jail.

Then, turning to Dist. Atty. Seymour, he said: "The only thing I object to is that you have this thing at night. You know, we old-time lawyers don't like to have our numbers disturbed. I don't want to get ready for bed when your officers appear."

The indictments issued by the grand jury accuse the Senators of taking bribes and receiving bribes. The Senators are charged with receiving \$25,000 from Joseph Jordan. It is stated in the indictments that the money was paid and received for the particular purpose of influencing legislation, the specific charge being the guarantee of immunity for two building and loan associations.

The Senators put on bail appear to be confident as usual. They are in an interview, said: "I am not at all disturbed at this turn of affairs. I think that we still have a little bit of time to get this thing straightened out. We expect to show up this morning in court."

TONIGHT SESSION INQUIRY. In strong contrast to the deliberations of the Senate of yesterday, the proceedings in the upper house chamber tonight, the greatest solemnity prevailed. During the debate on the question of whether the accused Senators should be given the privilege of testifying in their own defense, the spectators seemed anxious to applaud the clever speeches, but the spirit of the occasion prevented any demonstration.

Tonight the crowd chattered merrily as if in a theater, and applauded and laughed over the remarks of the accused Senators, causing Chairman Belshaw of the investigating committee to make frequent use of his gavel. Belshaw introduced as a portion of the records of the investigation the resolution adopted by the Senate this afternoon, providing that the accused Senators be not allowed to make sworn statements before the committee. Attorney Cator took exception to the ruling of the committee.

Joseph A. Jordan, who confessed last night to bribe-giving was called to the stand by the prosecution for the purpose of cross-examination. Attorney Cator objected for the defense to the further examination of Jordan, claiming that he was a witness for the prosecution. Attorney McNab said he understood that Jordan had been subpoenaed by the committee of inquiry and disclaimed that he was a witness for the prosecution.

"What the prosecution seeks to do," protested Cator, "is to patch up differences in the testimony of Mr. Jordan and Clarence Grange."

PERSONNEL OF COMMITTEE. "When did you become acquainted with the personnel of the Committee on Commission and Retirement?" asked Attorney Nicol.

## CALIFORNIAN'S IDEA CATCHES KING VICTOR.

(BY THE ASSOCIATED PRESS.—P.M.)

ROME, Feb. 9.—[By Atlantic Cable.] Dime Lubin of Sacramento, Cal., in a speech before the King Victor Emmanuel, suggested the organization of an international bureau of agriculture. The King sent a letter to Premier Giolitti, under date of January 24, outlining and heartily approving Lubin's suggestion, which the King said was placed before him with an enthusiasm "born of sincere conviction."

The King requested Signor Giolitti to sound the foreign governments and secure their views. Signor Giolitti sent a long letter to the Italian representatives in foreign countries, outlining the advantages accruing to the agricultural classes of the world as the result of such an arrangement, and requesting them to place the matter before the government to which they are accredited, with the view of securing their consent to send delegates to a convention at Rome in May for the purpose of formulating the necessary plans.

train building and loan associations by the committee. "Did you have a meeting with Clarence Grange in San Francisco at which you told him you had paid the Senators as per agreement?"

"I did." "Were the bills you gave the Senators identical with the bills that had been given you by Tichnor?"

"They were." "Did you do so with your bills?"

"I changed two of them in San Francisco." "Did you have any conversation with the Senators after they received the money?"

"I did. I went to Senator Emmons' room at his hotel and said that he might as well give it back, as it had been marked."

"What did Emmons say?" "He said 'I am I trust you?' I said, 'You'll have to, as the money is dead, on account of its having been marked.'"

"Did you see any of the other Senators?" "Yes, I saw French and he denied having received the bills from me."

"Did you see French again?" "Yes, I saw French and he denied having received the bills from me."

"Where is Wright?" "He is in the County Jail. He was brought to the County Jail by Sheriff Wright on the 2nd inst. Judge Hart has gone home, so if Wright is brought to the County Jail he will be released all night, and there is nobody to approve his bonds. It is hinted that Wright went to San Jose with his wife this afternoon."

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Feb. 9.—After having collided with and sunk the Norwegian steamer Leif Eriksen, off Cape Romano, Fla., in a dense fog, February 4, the Standard Oil Company's steamer City of Everett returned to this port today, bringing twenty of the crew of the sunken steamer. The other two members of the Eriksen's crew were drowned, either in the collision or when the crew took to the boats.

The City of Everett was bound from New York for Sabine Pass for a cargo of oil. Capt. Buntin of the City of Everett said today that when in a heavy gale and fog off Cape Romano February 4 the Leif Eriksen was first seen crossing the bow of the City of Everett. The latter is a whaleback, and has an overhanging, cigar-shaped bow, which cut into the Eriksen's hull deeply and ripped her open far below the water line. Several of the crew were picked up by the City of Everett. The City of Everett then returned to this port.

The Leif Eriksen was bound from Matanzas, Cuba, with a cargo of sugar for Philadelphia. She was owned in Bermuda, Norway. The Eriksen was a total loss. Admiral Bayle reports that the cruiser is still firmly fixed on the rocks, and that it has been necessary to remove the Sully's crew.

The Sully is of 854 tons displacement, and has a complement of 100 men, eight 4-inch guns, six 13-inch guns and five torpedo tubes.

## SIDE TALKS BY THE OFFICE BOY

Did you ever have the grip, ache all in your spine and your head feel as if you'd been trying to make "Milwaukee famous" the night before, when in reality you went to bed with a headache and an antipneumatic plaster over your forehead, full of hot water and your feet all water soaked from having them in a bucket of hot mustard water for an hour or so, and then finish up with a lot of quinine. I don't think there is no parting an letter as the parting of a quinine capsule just as you are in the act of swallowing it. SUITS SANTO DOMINGO.  
Action of Uncle Sam in Taking Charge of Customs Receipts for Island's Best Interests.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Feb. 9.—The action of the United States government in taking charge of the customs receipts of Santo Domingo is generally considered by the natives of Santo Domingo as for the best interests of the country, according to Judge John T. Abbott, who arrived here today on the steamer Chesapeake. Judge Abbott is the representative of the Santo Domingo Improvement Company, and since last April has been in charge of the island, under agreement with the Dominican government.

Speaking of conditions in Santo Domingo, Judge Abbott said today: "The United States government took charge of all the ports of Santo Domingo on February 1, 1905, and since that time the island has been in the hands of the United States. The money is turned over to the United States authorities. This arrangement is viewed with satisfaction by the large majority of natives representing the influential business interests and landed proprietors. In fact, there is very little talk anywhere about the matter. The revolutionary element is not much in evidence. It is generally considered that this action on the part of the United States is for the best interest would not sanction the plan."

ADAMS-PEABODY CONTEST. DENVER, Feb. 9.—Eleven witnesses testified in behalf of the contest in the Peabody-Adams gubernatorial contest this afternoon. Three of those were election officials who testified to knowing many persons whom the Peabody supporters and canvassers declared had no existence. The other eight witnesses identified their ballots from among those that were pronounced fraudulent. At the night session, a number of voter identified their ballots from alleged spurious ones, including persons who had served as election officials. In all instances they testified that the conduct of the election was regular; that there was no complaint from any source whatever, and the few challenges that were made were disposed of according to the election laws and satisfactory to all concerned.

Japan's Victories on Land and Sea Reviewed.

Battle Along Shalke to Take Place Before There.

BY DIRECT WIRE TO THE TIMES.

TOKIO, Feb. 9, 11:30 a.m.—  
(By Atlantic Cable.) The Emper-  
or and the Empress have  
given 100,000 yen (\$40,000) to  
the Army and Navy Depart-  
ments, to purchase wines and  
delicacies for the celebration  
of the national holiday, which  
will take place on Saturday  
next, February 11.

NEW YORK, Feb. 9.—[Exclusive  
Dispatch.] Just one year ago, Admiral  
Togo's torpedo flotilla, under cover of  
night, attacked the great Russian  
squadron in the roads at Port Arthur  
and drove it in a badly crippled con-  
dition into the inner harbor. From  
that date to this, the war has been  
a continuation of victories for Japan on  
land and sea.

The Russian squadron never left  
Port Arthur after the first attack ex-  
cept to meet further disaster. Sufficient  
troops, that feel, numerically as strong  
as Japan's, has been annihilated. At  
the cost of the war, the naval re-  
sources of Russia in the Far East  
cannot have any effectiveness. The  
following the torpedo attack at  
Port Arthur, Admiral Uru sank the  
Russian cruiser Varieg and the gun-  
boat Koriet outside the harbor at  
Vladivostok.

Japan was free to move transports  
from the Yellow Sea and quickly oc-  
cupied Seoul. April 20, Kuroki forced  
the Russian of the Yalu and the fol-  
lowing day drove 20,000 Russians, un-  
der Samuilich, from positions on  
the Russian bank, with a loss of 3000  
men. On March 10, Kuroki, who  
quickly occupied a strong  
position commanding the  
Yalu Yang. The Russians, dis-  
tressed and demoralized, could  
only rear-guard actions. Japan-  
ese Staff Kodama had worked  
elaborate plan which was car-  
ried out to the letter.

On the day after the battle of the  
Yalu, an army was landed for the  
capture of Port Arthur. Toward  
the end of May, Oku's army encoun-  
tered the Russians under Stoenel at  
the Yalu. The Russians were routed  
and driven into the inner defenses.  
Following, with an army of 35,000,  
Oku's army relieved and were  
driven to Oku. Then the investment  
of Port Arthur was left to the army  
of the Yalu.

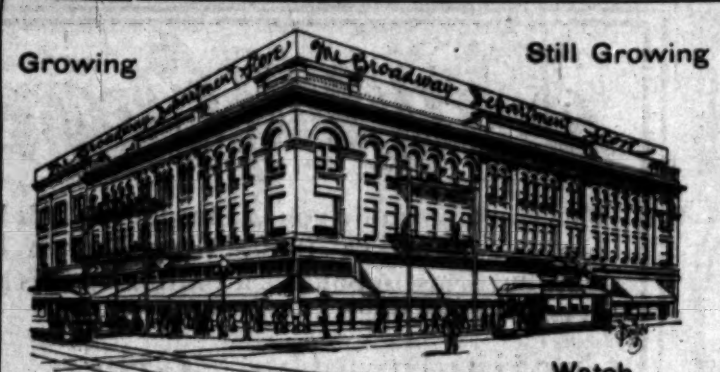

OKU'S ARMY LANDS.  
Another Japanese army,  
under Kuroki, had landed at Takushan,  
about 10 miles west of the Yalu. Kuroki  
had himself at Liao Yang, com-  
manding three armies, under Kuroki,  
Oku, and Oyama in suc-  
cessive command. The first great bat-  
tle of the war began August 25 and  
continued until September 4, when Kuroki  
was repulsed. Irretrievable disaster  
threatened withdrawal and display  
which excited world-wide  
attention. Half a million men were  
driven from the battle of Liao Yang  
and the Russian totalized over fifty  
thousand.

After three months recuperating,  
Kuroki issued a proclamation  
that the Russians would assume the  
responsibility of the greatest bat-  
tle of modern times began, between  
the two competing a front of twenty-  
three miles, along the Shalke River.  
Three days fighting, the Rus-  
sians retreated, leaving 3000 dead upon  
the field and carried away 35,000  
wounded. The Japanese casualties  
were 10,000.

The Japanese, grappled with the  
Russians again on the Hun River at  
the end of January and again met dis-  
aster, 10,000 in killed and  
without dislodging the Japa-  
nese, a stage important position.  
The Russian, numbering six or  
seven thousand men, now  
other, on opposite sides of  
the river.

Incidents are at work for  
Port Arthur in Japanese  
hands. The Japanese practically  
gained all for which they  
were fighting. The sentiment of the  
war to compel peace before  
great battle has been fought.  
Japan has already cost a billion  
yen in money and the lives of at  
least 100,000 of the bravest men the  
country ever known.

## STATE CLUB WOMEN END CONVENTION.

Gathering Goes on Record as Harmonious and Brilliant—Scintillant Lecture of George Bernard Shaw. Petition for Junipero Statue.

ANOTHER woman's convention has drawn to a close in Los Angeles. The fourth annual meeting of the California Federation of Women's Clubs, though marred at the beginning with the unfortunate experiences of some guests arriving from afar, still will be remembered as particularly harmonious, and will go on record for the brilliant personnel of its speakers and delegates, not forgetting the beauty and grace of its presiding officer.

The ticket put up for nomination was elected in its entirety, the officers for

the ensuing year being as follows: President, Mrs. Josiah Evans Cowles; vice-president-at-large, Mrs. E. T. Devlin; Sacramento, State vice-president, Mrs. Edgar German; Pomona, recording secretary, Mrs. Frank E. Prior; Los Angeles, corresponding secretary, Miss Anne Meeker; Pasadena, treasurer, Mrs. Emory Allan Donohue; Fresno, auditors, Mrs. C. A. Sanborn, Redlands and Mrs. John Bakewell; Alameda, general federation secretary, Mrs. George Law Smith; San Francisco, district president, Mrs. W. T. Little; northern district, Mrs. F. W. Gorham; San Francisco district, Mrs. J. E. Thane; Alameda district, Mrs. J. E. Hughes; San Joaquin Valley district, Mrs. Oliver C. Bryant; Los Angeles district, Mrs. E. B. Scott; southern district.

DAY'S PROGRAMME.  
Yesterday's programme was a full one. There were "Libraries and Port-

folios," "Club Extension" and "Household Economics." In the morning, when tired brains began to fail a fresh breeze blew in and stirred the whole convention to mirth and laughter. A benevolent, gray-haired woman, Mrs. Charles J. Woodbury of the Oakland New Century Club, gave a dramatic recital of scenes from everyday life; in her story of "The Little Gods," the hearer was left to conclude that the "little gods" were the plain, homely virtues of hospitality and of home-making and keeping, that have been lost sight of for a generation or two, along with old faded mirrors, samplers, and the dignity of Chippendale chairs.

During the afternoon, greetings from the Colorado Federation of Women's Clubs were presented by Mrs. William E. Riddle of Colorado Springs, second vice-president of the Colorado State body, president of the Colorado Springs Federation; the Boys' Club Association; and of the Colorado Springs branch of the Needle Work Guild; vice-regent of the Cliff Dwellers Association, a Colonial Dame, and a Daughter of the American Revolution.

The most fascinating story of convention work was told by a beautiful woman, Mrs. F. W. Gorham of the Vallejo Woman's Improvement Club. This is the club which has a wintering car for a club pin, and the fame of its achievements was spread abroad at the St. Louis biennial by a small pamphlet prepared by Mrs. Eugene Pettigrew.

"Social Service," by Mrs. Willoughby Rodman, was a story of the American civic doing which Mrs. Rodman and the Civic Federation, of which Mrs. Cowles is president, have been instrumental in accomplishing.

Among the resolutions adopted was one presented by Mrs. Laura B. Bridge Powers of San Francisco to the State Legislature to use its influence in having a statue of Father Junipero Serra placed in the Hall of Fame in Washington.

A resolution was adopted asking the Legislature to appoint women physicians in the female wards of insane hospitals, jails, and in other public institutions.

The smoot resolution adopted at the biennial of the General Federation was also adopted by the California Federation.

TALK ON SHAW.  
Probably the most brilliant lecture of the present season was the sketch on George Bernard Shaw delivered last night at the closing meeting of the Federation Convention.

The speaker was Austin Lewis of San Francisco. He is not generally known here, but he will not be forgotten by those who heard him last night. Sad to say, his sketch appeared to go over the heads of a part of his audience.

The literary art in the writing of it was delightful. The speaker was a very old-fashioned, but a skilled horseman might as well be untrained.

Compared with the snug complacency of the usual "literary lecturer" the speaker was a revelation. The fact is, when it comes to brains, Mr. Lewis is "going some."

His frankness at this women's meeting was somewhat shocking and delicious.

He told them they no doubt flattered themselves they knew George Bernard Shaw; well they did. The sum total of their probable knowledge was a rebash of some London opinions about him, a play or two, and some random facts leaked into American newspapers; well he would tell them.

With a satire worthy of Shaw, himself, Mr. Lewis spoke of Shaw's being "found" by the critics.

The main part of the lecture was devoted to explaining Shaw's daring point of view, the relentless hand with which he plucks off the masks with which convention has covered the thoughts and the problems men fear to look upon in this day, when one may not think without turning pessimist.

"His sole purpose," said the speaker, "is to make you uncomfortable and dislike him, but your standard of life will never be the same again after you have read him."

Many extracts of Shaw's scintillant attacks upon the critics, of his sociological iconoclasm, his famous guilting shot into respectability, were read. The speaker gave it as his opinion that Shaw is passing his senility.

Mr. Lewis' lecture was preceded by an interesting paper by Mrs. G. Adams Fisher, on the beautifying of cities.

Then I came across the story of a man who had been cured of a condition like mine by the use of Dr. Williams' Pink Pills, and I made up my mind to try them and see if they would not help me.

"Did they help you?"

"Yes, indeed; they met all the needs of my case. The very first box did me so much good that it made me hopeful of a cure. After taking it I felt better than at any time since I was first stricken down. My appetite revived and I began to take on flesh. By the time I had had \$3.00 worth of the time I had taken five more boxes the dreadful pains had altogether disappeared, and I have ever since been a well man and a firm believer in Dr. Williams' Pink Pills."

Mr. Davis lives at No. 115 Emerson street, Haverhill, Mass. mittie who was called on to read the report on libraries and portfolios, sent in by the chairman, Miss Susanne Pugh. In this department came the paper read by Mrs. George Barnes Bird of Alameda on "Juvenile Literature."

Portfolio Possibilities were unfolded by Mrs. E. T. Devlin, of the Tuesday Club of Sacramento, who is also the new vice-president-at-large for the State.

The needs of club extension were set forth in the report of the chairman, Mrs. R. P. Hill of the Sonoma Valley Women's Club. The Post-ter Club Organization," was the title of a talk by Mrs. J. E. Hughes of the Wednesday Club of Fresno, and the new president of the San Joaquin district.

Educational topics included the report of the chairman, Miss Katherine B. Miller of Woodland, and a talk by Mrs. Kate Tupper Galpin of Los Angeles on "Some Tendencies of Study Clubs."

Civics proved an interesting subject in the afternoon. Mrs. Eugene Pettigrew, chairman of this department, gave a résumé of the work in this line by California women. Under this head came "Probation Methods," a setting forth of the best methods of the probation work by Mrs. E. L. Baldwin of the California Club of San Francisco.

JUVENILE COURTS.  
After Mrs. Baldwin's speech, Dr. Dorothea Moore, who has done much in California for the cause of juvenile courts, announced that the present juvenile court bill, providing that probation officers be paid by each county in the State, had passed its third reading in the assembly and in the Senate, and would be signed soon by the Governor.

woman, and her escape in the People's Store Wednesday afternoon, when the crazed Turk chased her and tried to shoot her down, was the third close call from death at the hands of her ex-husband that she has experienced. While Geba swallowed enough strychnine to kill a small army when he was told in his attempt to murder his wife, he will put through, in fact, he is now practically himself once more, though still detained.

Mrs. Balish says she will call on the District Attorney this morning and for a warrant charging Geba with assault with intent to murder. If the man will not die, she says she will do all in her power to have him placed where he cannot harm her.

MIKLAUSCHITZ CRAZY?  
Discharged Policeman Who Threatened to Kill the Mayor Becomes More Wild.

Martin Miklauschitz, the ex-policeman who threatened to kill Mayor McAlister is believed to be hopelessly insane. Miklauschitz was locked up early yesterday morning because he was in the Police Station that he would shoot the Mayor on sight. A charge of drunkenness was made against the former policeman, but when he was conveyed from the jail to the courtroom he became wild and it was necessary to send him to the Receiving Hospital.

Miklauschitz was convicted of grafting in the red-light district and the Police Commission dismissed him. He was not a regular patrolman, but had been doing special work for a few years. A complaint charging him with insanity will probably be sworn to today.

## They Cure the Grip.

So Declares Mr. Davis of Dr. Williams' Pink Pills.

The Effects of a Severe Attack Quickly Overcome by the Use of the Great Blood and Nerve Remedy.

The grip differs from ordinary colds in that it introduces into the system a very obstinate poison. The victim of an attack is never fully cured until this poison is thoroughly driven out of the blood. So long as it is there he remains weak and depressed and liable to a fresh attack. Stubborn indigestion, neuritis and other nervous disorders are some of the ailments that follow the grip and show the bad condition of the blood.

How can the impure blood be purified and enriched? This is a question of the greatest importance for every sufferer. When this matter was under discussion recently, Mr. John F. Davis said: "In the latter part of December, 1903, I had a severe attack of grip, and for two months before I began to use Dr. Williams' Pink Pills I was a great sufferer."

"What was your chief trouble?"

"The terrible pains that racked my whole body. I do not think any part of it was free from them."

"Did you have any other discomforts?"

"At first I had only what I thought to be a slight cold. I supposed it would go away in a short time, but it hung on. One night when I came home from work, I suddenly became so weak and dizzy that I was obliged to lie down. Cold sweat came out on my forehead and my head ached fearfully. I called a doctor who treated me for grip, but very little relief came from his treatment. My appetite failed and I grew very thin. For two months the almost unbearable pains continued."

"Then what happened?"

"Then I came across the story of a man who had been cured of a condition like mine by the use of Dr. Williams' Pink Pills, and I made up my mind to try them and see if they would not help me."

"Did they help you?"

"Yes, indeed; they met all the needs of my case. The very first box did me so much good that it made me hopeful of a cure. After taking it I felt better than at any time since I was first stricken down. My appetite revived and I began to take on flesh. By the time I had had \$3.00 worth of the time I had taken five more boxes the dreadful pains had altogether disappeared, and I have ever since been a well man and a firm believer in Dr. Williams' Pink Pills."

DAY, FEBRUARY

[illegible]

My booklet doesn't tell the story of my life—just gives a few hints on how to be well dressed. Sent in exchange for your name and address. Write me care of Rosenwald & Well, Chicago.

## THE CITY IN BRIEF.

## NEWS AND BUSINESS.

## Banquet Tickets.

Of the 450 tickets for the Chamber of Commerce banquet on the 23d inst., more than one-half have been taken.

## Rabbi Farber to Speak.

Rabbi M. M. Farber of Oakland will speak at the Synagogue Beth Israel on North Olive street Saturday morning at 10 o'clock, instead of 9 o'clock, as previously reported.

## C. of C. Annual.

The annual meeting of the Chamber of Commerce will be held at 3 o'clock this afternoon. Yearly reports will be read and the incoming president, J. O. Koppil, will make his inaugural address.

## Pico-street Sale.

W. S. Pemberton has sold to local investors, through Lang & Co., four and one-fourth acres on the southeast corner of Pico and Berendo streets, with nominal improvements; consideration named, \$25,000.

## Lincoln's Birthday.

Stanton Post and Relief Corps will celebrate Lincoln's birthday with an appropriate program at No. 129 West Fifth street this evening. Col. J. J. Steadman will give the principal address. Prof. Warman will read. Members and their friends invited.

## Of Course It Was Loaded.

M. Weir of No. 209 Vignes street was examining a small revolver last night—"didn't know it was loaded." He pulled the trigger to see the action of the gun. The bullet entered the index finger of his left hand, plowed through and lodged in the muscles of the palm of his hand. The Police Surgeon cut it out.

## Gagel Nabbed.

E. H. Gagel, who, with Ed Munson, is alleged to have taken from the Riverside postoffice a registered letter addressed to another person, was arrested here yesterday by Deputy United States Marshal Traeger. Munson already is in custody, while Sam Welliver, arrested on the supposition that he was Gagel, has been released.

## Marshall Darrach.

Marshall Darrach, the Shakespearean reader, opened his play series at Dobinson Auditorium last night with "Twelfth Night." The audience was of good size, and highly appreciative of Mr. Darrach's efforts. The reader distinguished himself especially in the comedies. Next Thursday evening he will read "Hamlet" at Dobinson Auditorium.

## Falkenburg's Condition Unchanged.

The condition of Head Consul Falkenburg of the Woodmen of the World, remains practically unchanged. Late last night Dr. Brainerd, the attending physician, gave out the following statement: "Mr. Falkenburg has continued to take nourishment fairly well; pulse is fairly good, but he has been delirious greater part of the day. He has lost but little ground during the day."

## Stranded Cartoonist.

Harry J. Woods, who claims to have been employed for a number of years as a cartoonist on one of the big Melbourne (Australia) dailies, is a common vagrant in Los Angeles. Woods "blew into" the city a week ago, at which time he has been haunting the residence section of the city. Sgt. Craig picked the man up yesterday as a suspicious character and he was convicted of vagrancy in Police Court.

## Dead from Exposure?

The coroner was notified yesterday of the finding of a dead man near Ravensburg, the next station south of Acton on the Southern Pacific. A justice of the peace took charge of the case, and will hold an inquest. The body lay in the open, and there was nothing about it to give the slightest clue to identity. It is supposed the man died from exposure during the violent storm which passed over that section of the county last week.

## Bungalow and Business.

William Sibbie has purchased of J. W. Overholser, through the agency of Althouse Bros., a modern seven-room bungalow, at No. 966 Vermont avenue, with lot, 50x125 feet; consideration \$2,000. R. V. Gotsch sells to W. H. Clune, through Theodore M. New, a 10x15 feet, unimproved, on the northeast corner of Los Angeles and 7th streets; consideration named, \$12,000.

## Looking Backward.

Petite Helen Cota, the alleged girl burglar, although only 20 years of age, is said to have a criminal record. She is still held in the City Jail, while detectives are looking backward and investigating the previous charge. Mrs. Cooper of No. 2324 Glassell street, whose home Miss Cota is charged with having robbed, did not call at the Police Station yesterday to identify her property, but it is expected she will today, when the girl will be arraigned.

## Ready Board's Luncheon.

The Los Angeles Realty Board met yesterday at the Del Monte. The members enjoyed an informal luncheon before discussing business. The spirit of fraternity and good fellowship engendered by these gatherings is in line with the purposes of the association, which, as stated, are to promote harmony, honesty and dignity in the conduct of the real estate business. Byron Eckenbrecher, the president, presided. The board claims a membership of ninety-five. More than half were present.

## Hays Case Delay.

In the United States District Court yesterday, Judge Wellborn continued until March 29 the case of Tom Hays charged with the embezzlement of about \$100,000 from the Orange Growers' Bank, Riverside. As announced in The Times yesterday, the postponement was made because of the possibility that Judge Wellborn may be summoned East as a witness before the United States Senate in the Swayne impeachment proceedings. Judge Wellborn emphasized the fact that the postponement was made of his own motion. Earl Rogers was entered as associate counsel with E. A. Meeserve and J. S. Chapman for the defense.

"DAMPHOOLS," SPAKE JUDGE.

Torrance's Estimate of Bar Told Inquisitors.

Squirmy and Unhappy Day for Judge Noyes.

Lawyer Jackson Passes Out Bunch of Blushes.

The show now exploiting the jags of Superior Judge Torrance of San Diego is playing a two days' engagement in this city; it carries its own Legislative Investigating Committee—and the judge.

They came in from San Bernardino yesterday morning, having considerably indulged in such opinions of officers of the court.

FLYING SPARKS.

Mr. Jackson and Mr. Shortridge, who were both attorneys for The Times during the Tingley suit, had an amusing exchange of wit on cross-examination yesterday.

UNHAPPY NOYES.

The fashion in which he "fell down" was most dismal. He was almost a pitiable object squirming around in his chair, filling and backing and hemming and hawing and explaining—a most unhappy little man.

Judge Torrance brushed aside his attorney and went after his respected colleague, not adding to his happiness. The lawyers on the other side went for him; everybody had a whack at him.

HOT COPPERS AMONG DUPES.

Get-Rich-Quicksters Catch Officers in Toils.

Government Represented as "Fully Approving It."

Unpaid "Contract" Holders Besiege President.

A good many people in Los Angeles are making it interesting for a get-rich-quick concern known as the Mutual American Investment Company, erstwhile the American Mercantile Company. This outfit has its headquarters in San Francisco, and maintains a branch office in this city in room No. 417 of the Bryson Block.

WANTS MORE HELL IN CREED.

Old Revival Tricks Come to the Fore Again.

Demand for More of the Raw Sin Material.

Bible Conference Has Large Attendance.

Look alive sinner! The brimstone is burning again! Considerable has been said about the retirement of the old-time revival methods for those that are more modern and accomplish the same results, but that was before the campaign was two weeks old.

JOY UNCONFINED.

SHOUTS AT UNIVERSITY.

With shouts that threatened the window panes, a good old brother demonstrated his joy at University Methodist Church last night.

THE REVIVAL FIRES BURNED BRIGHTLY IN Temple Auditorium last night. A large crowd was present, and Evangelist Chapman left no stone unturned and no story untold, that was likely to bring an unconverted man to his knees.

WORKED UP IN FIFTH.

RAW MATERIAL NEEDED.

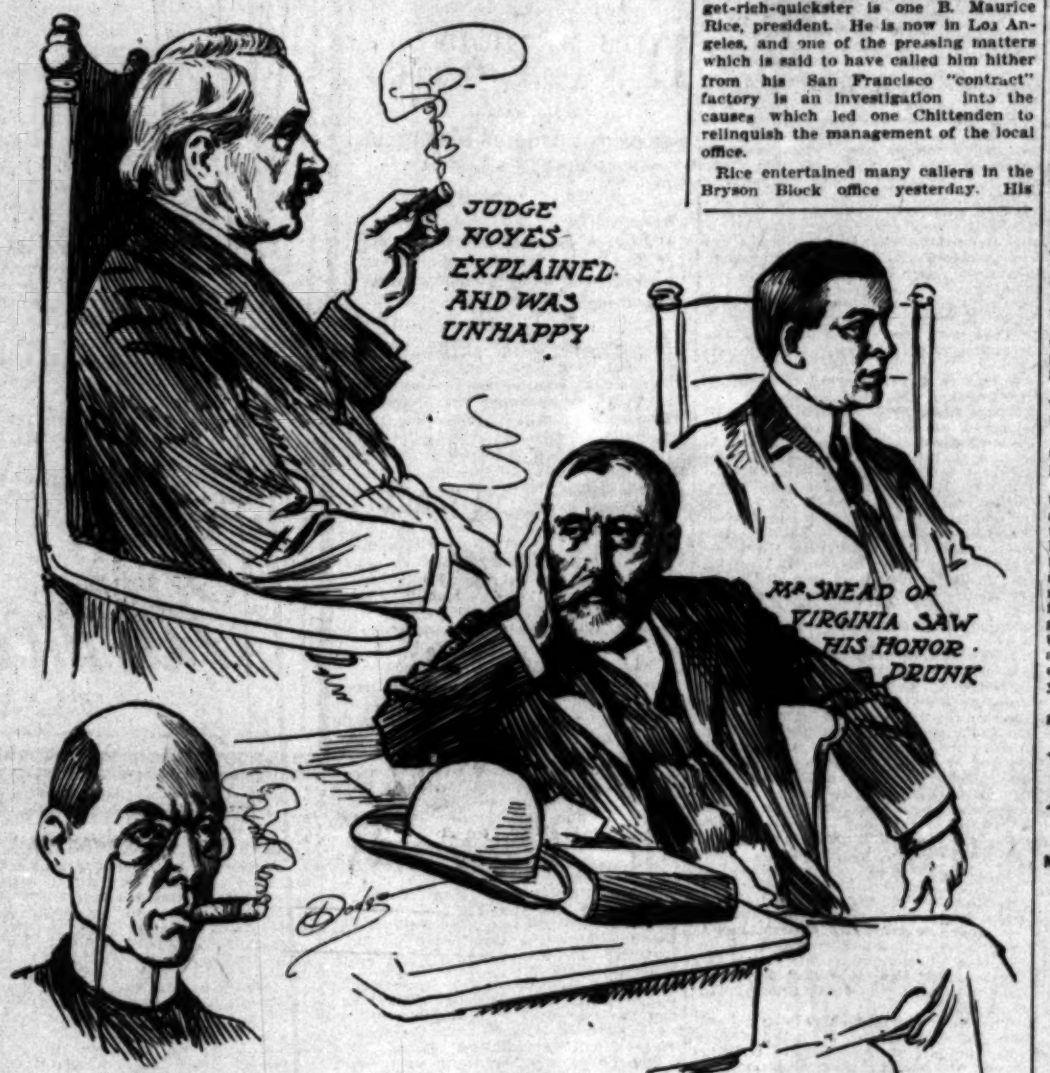

From the showing made at Asbury Methodist Church, over on the East Side last night, it is probable that the revival campaign will have to seek a new batch of the raw material. That now in hand seems to have been pretty well worked up.

GEN. GODDARD HERE.

Gen. Greenleaf A. Goddard, U.S.A., retired, of Wakefield, Mass., arrived in the city yesterday with his wife. They are staying with Mrs. Hay, relative, on Twenty-seventh street.

ER—ATTORNEY SHORTIDGE AND ER—HIS-ER-CIGAR. THE ACCUSED JUDGE LOOKED SOBER AND GLARED AT WITNESSES. Figures in the Torrance Inquiry Yesterday.

Increased the collected reminiscences of His Honor's jamboree.

They picked up more at the session in this city yesterday, the hearing taking place in the Supreme Court chambers in the Bullard Block.

Judge Noyes's charges against Judge Torrance concerned the end of the Gay divorce suit, wherein Noyes reversed the Torrance decision and gave Mrs. Gay a new trial.

Judge Noyes wrote a letter to Attorney Nathan Newby of this city apparently implying that Judge Torrance had retired to influence his decision in the Gay case.

When he went on the stand yesterday, Judge Noyes weakly denied it all. He told how he came to sit in the case at Judge Torrance's own request.

He denied that Judge Torrance made any comments on the merits of the case when asking him to sit in his place. While he had the case under advisement, however, Torrance came to his house in Riverside and asked him to hurry up the decision in the case as it might make a great difference to him in the charges pending against him before the Legislature.

Judge Torrance leaned over the table and pounded his spectacle case, cross-examining his brother of the bench, prying out explicit conversations and circumstances.

Judge Noyes's examination lasted for hours. He seemed to be, by innuendo, saying that an attempt was made to influence his judgment; his words denied it.

Chairman Weyland of the investigating committee leaned over and took a hand himself at last.

"Did anything in his manner lead you to believe that he was trying to influence your decision?"

"Well," faltered Judge Noyes, "I don't know as anything aside from his case."

Judge Torrance broke in: "Didn't you tell me that the newspapers had said that you tried to influence me?"

Witness he was made a request to be allowed to impeach his testimony; to impeach the testimony of their witness!

And this did not make Judge Noyes happy either.

Interviews with some of them were rather wire-drawn.

The concern has been doing business on the tontine plan, a method of promoting sudden riches that is so old that even the frayed edges of it are worn off. The scheme of the American Mercantile Company was, briefly, this: The dupe paid to the company \$1 a week for eighty weeks, when his "contract" being "fully paid up and non-forfeitable," the company would deliver to him a commercial, white, clear, and flawless diamond of the weight of two carats, and of the value of \$100 per carat.

Then succeeds a clause so utterly absurd from the standpoint of investment and ordinary self-protection that the veriest school-boy might be expected to see through it and laugh loud and long; it is this: "Provided, however, that if at such time the amount in the hands of the company to the credit of this contract is insufficient to purchase a diamond as above described, then the diamond shall not be delivered until the amount to the credit hereof shall equal 'aid sum.'"

There is no legal obligation on the part of the company to deliver said diamond (or an equivalent thereof) before the expiration of 8000 years.

To further fatten the opportunities for the company's schemers to get rich quick, the company under this false, foolish and fraudulent "contract" reserves the right to keep the total amount on the dupe's first eight weeks' payments and one-fifth of all his succeeding payments.

The stipulating of a diamond instead of cash payment in the "contract" has often been employed to give the color of mercantile transaction and thus place the get-rich-quicksters outside the pale of the State banking laws and the official inspection which they impose. Usually the dupe is verbally informed that if at the "maturing" of his "contract" he prefers a cash payment he can have it. Such is the case in the present instance. The American Mercantile Company informed its "clients" that they could have either the \$100 diamond or \$100 in cash.

DECLARED FRAUDULENT.

Some time ago the Postoffice Department at Washington issued two fraud orders against the Mutual American Investment Company—which was and is none other than the American Mercantile Company under a new name—and all of its letters and literature were thrown out of the mails as fraudulent business. Subsequently through some means or influence not known here, attorneys succeeded in having a revocation order issued, and in January of the present year the mailing privilege was restored. More trouble in a Federal direction is now brewing.

It appears that this Mutual American Investment Company has taken gross advantage of the government's act of restoration. With a nerve colossal and astounding the officers of the company are telling unpaid dupes that the government has forbidden the company to pay any more completed

allow full credit for old, unbroken disk records of above makes, to us, prepaid, when three times the amount returned is

in ordering new goods the total "list amount" may be considered reference to size of records; for instance, if you were to back two records listed at 50 cents each, one at \$1 each, and one at \$1.50 each, we would credit you with \$3.50, if at the time you brought the goods back you ordered \$10.50 worth of new records. You would actually pay \$7 and get \$10.50 worth of new records any style or size wanted.

Another way to figure it is that you must always pay for as much as you bring back, but you receive in return three times as much as you bring in for exchange.

Another way of putting it—you can now buy new records and disregard of the bill with old records.

The plan of exchange applies to either retail or wholesale.

EXCEPTION: After February 15th, 1905, the above exchange plan will not apply to Red Seal Records. Owing to the enormous and royalties paid to the opera singers these records are unexchangeable. Make your exchange now.

Old records credited on orders sent in unless amount of goods returned is mentioned on the order.

A list of a few extra numbers of second choice if you want them for old records returned.

Records returned to us are never used again under any circumstances, whether good or bad, but are returned to the factory and destroyed.

**BUSIEST MAN IN PUGDOM.**

**"Young Corbett" in Training to be Champion.**

**Thinks He'll Lick Swede in Four Rounds.**

**Benjamin Van Slyke Dead. Dr. Leggo's Run.**

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO, Feb. 9.—(Exclusive Dispatch.) Just at present, "Young Corbett" is the busiest man in pugdom for many moons. Nothing that can be done by the fighter to get him in the pink of condition is being neglected by the ex-champion, for he wants to be champion again.

Col. Martin Brady, the local pugilistic expert, went over to San Rafael to see Corbett work out. Corbett boxed four rounds with Joe Gans. Brady said: "It was the fastest four rounds I ever saw in my life. You all know how fast Gans is well. Corbett was still faster, and he seemed to be in the best of shape besides. He looks better to me than he ever did before. I look to see him put Nelson away inside of three or four rounds. After the fight Corbett said: 'Leave me alone, I'll lick the Swede in less than four rounds.' He'll do it."

**DR. LEGGO'S RUN.**  
FEATURED AT EMERYVILLE.  
(BY THE ASSOCIATED PRESS.—P.M.)  
SAN FRANCISCO, Feb. 9.—The track at Emeryville was in a treacherous condition today from recent rains, and a number of horses had narrow escapes from being thrown. The feature of the day was the successful run made by Dr. Leggo in the fourth race. Summary:

## AT OLIVET.

INTEREST CONTINUES. The sixth district meetings, at Olivet Congregational Church, Washington street and Magnolia avenue, continue full of interest and a large congregation. The music is attractive and the preaching of Timmon Hobson is full of earnestness and heart-reaching. His theme last night was "The Privileges and Responsibilities of the Christian Life," and his text was taken from John xiv: 17. The speaker dwelt especially on the false idea of a "happy-go-lucky" life, and in believing that the years could be given to all sorts of worldliness and frivolities, and that after they reached old age they would be able to enter the Christian life. The work of the Holy Spirit and its dwelling in the human heart was presented, and the preacher made with close personal applications of his theme which brought many responses from his hearers.

## BIBLE CONFERENCE.

NO HIDING CHRISTIANS. The Bible Conference opened in the Methodist Church, yesterday morning in the presence of an audience that overran the capacity of the building. It was readily seen that there were many persons in the audience from other parts of Southern California and among them many ministers who had received a special invitation to come.

Dr. McGee sang that old favorite, "The Ninety and Nine," and Prof. R. J. Jeffrey sang "Will I Meet My Mother in Heaven?" which had marked effect on the congregation. It is announced that Evangelist J. C. McMillan will be in the following week. "Unfinished Business," "A Deck of Cards," and "Traps for Young Men," during three of the meetings last week.

## The BACKWARDS

A weak, a lame, or an Aching Back

is Nature's Warning that

the Kidneys are

Sick.

Cure Them With Doan's Kidney Pills.

Backache and urinary troubles are

danger signals sent to tell you that

the kidneys are clogged and con-

gested; that the system is rapidly fill-

ing up with uric acid and other pas-

sage waste that should be passed off

in the urine.

Healthy kidneys filter out of the

blood every day more than an ounce

of poison. But when the kidneys are

sick, this filtering process is either

hindered or suspended. So the body

can never be well when the kidneys

are ill; and it is because so many

people neglect sick kidneys that kid-

ney diseases are causing more deaths

than any other human ills.

It is easy to cure any form of kid-

ney trouble with Doan's Kidney Pills

before it reaches a fatal stage, and

there are many symptoms to tell you

when you have kidney disorders.

The most common of these "sym-

ptoms are:

Pain in the small of the back,

hips, or sides; pain when

stooping or lifting.

Headaches and dizzy spells.

Nervousness, languor.

Too copious or too scanty

discharges of urine.

Thick, cloudy, discolored

and ill-smelling urine, with de-

posits of sediment.

Having to get out of bed at

night to pass urine, etc.

The blood carries the uric waste

to every part of the body. It gets

into the nervous system and causes

neuritis or sciatica; it gets into the

muscles and causes rheumatic pain

and gout; it weakens the lungs and

irritates the heart, causing the heart

to flutter and palpitate; it crystallizes

into gravel and stones in the bladder

and kidneys.

You lapse into a general run-down

and languid condition and drift every-

where you may have several;

but danger lurks in every one, and

you should begin treating the kidneys

at once with Doan's Kidney Pills.

This great specific is composed

of simple vegetable elements which

absorbed immediately by the kid-

neys and cleanse them of all uric

acid and other poisons, and set them

to work on their normal function.

## WOMAN KILLED BY A ROBBER?

**MYSTERY OF MRS. STRAGO IS  
DEEPENING STILL.**

No Trace to Be Found of Mole's  
Oldest Guest Who Carried Large  
Sums of Money, and Whose Credit  
Was Good Even in Chicago—Widely  
Known.

Is Marie Strago, the missing white-haired street vendor, dead or alive? Was she robbed and murdered, or did she wander away during a fit of mental aberration brought on through worry over her son, who is serving a life sentence for murder in San Quentin prison?

The mystery of the woman's disappearance deepens as investigation progresses. The police have been unable to find a single clue to her whereabouts, and a motive for her prolonged absence is apparently entirely lacking. C. Antonelli, proprietor of the National Hotel, in which Mrs. Strago lodged for seven years, is still at sea concerning the strange disappearance of his oldest guest. He has not disturbed the effects of the woman, who died on her room October 28 and walked away, simply leaving a message for her beloved boy if he should return from prison.

That Mrs. Strago carried large sums of money with her, was well known to a few persons who knew the old woman well. She was in the habit of paying cash for everything she bought, and her credit was excellent even in Chicago, where she purchased her merchandise in large lots. She was in the habit of paying cash for everything she bought, and her credit was excellent even in Chicago, where she purchased her merchandise in large lots.

The fact that Mrs. Strago is several times a millionaire in no way affects him. He is a high-church person, a lover of nature and of little children. Mrs. Strago was of a retiring disposition and made no close friends though she probably had a long list of acquaintances of any woman in Southern California. Every old policeman on the force knew her and all liked her. None believe she is in Los Angeles, and many think she has been foully murdered for her money.

Although detection of the missing woman have been sent broadcast throughout the state, and detectives are working to solve the mystery of her disappearance, no one can be found who recollects having seen the old woman since the moment she walked out of her hotel.

What is the secret of the dark mystery surrounding the disappearance?

## HEAVY FIELDS AFTER HONORS.

**HOLMES'S INTERCLASS TRACK  
MEET RESULTS A TIE.**

Dunn, the Crack Stanford Quarterback and Two Twenty Man, Decides to Run for U.S.C. and Enters College of Law—One Good Jump, More Track Tryouts Today.

No records suffered yesterday afternoon in the U.S.C. interclass track meet at Methodist field. A phenomenal entry in nearly all the events was the most noteworthy feature, runners in the distance contests being so numerous that they got in each other's way from the start.

The fourth year and freshmen classes tied for first place with thirty-five points each; the first year and sophomores each accumulated half a dozen points; the third year and the juniors and seniors. The best individual performance was that of Cooper, who jumped 21 feet 10 inches in the long jump. Anything over twenty feet is highly creditable, and Cooper may prove able to make Percy Hagerman of Occidental district himself a U.S.C. athlete. Parsons did the hundred in 19 2/5 seconds, which wins track meets anywhere.

The summary: The 125-yard hurdles—Elliot, DeMont, Miller, Hamilton, time, 11. The 100-yard dash—Parsons, Hamilton, Speker, time, 10-2-5. The 220-yard dash—Parsons, Hamilton, Black, time, 2-5-5. The 440-yard dash—Boyd, Ferguson, Nordahl, time, 1-5-5. The 880-yard dash—Parsons, Hamilton, Black, time, 2-5-5. The 1760-yard dash—Boyd, Ferguson, Nordahl, time, 4-5-5. ## MISTOOK ACID FOR WHISKY.

DR. BUCK SWALLOWS A FATAL DOSE OF MEDICINE.

Was Feeling Ill and Got Hold of Wrong Bottle—Dr. Eddy's Wedding Anniversary in Unusual Manner—Vice-President-elect Visits Pasadena—Crown City News.

PASADENA, Office of The Times, No. 10 South Raymond street, Feb. 10.—Dr. Francis B. Buck of South Pasadena last night yesterday by accidentally mistook a bottle of acid for a bottle of whisky which was on a shelf along side of the bottles of whisky. The bottles were so nearly alike that he could not tell the difference until he had tasted the acid. He then ran to the kitchen and told his wife that he had taken a bottle of whisky. She then telephoned to Dr. Eddy, who came and found that Dr. Buck had taken a fatal dose of acid. Dr. Eddy immediately administered the antidote and Dr. Buck is now recovering.

According to the statements of the doctor, Dr. Buck arose at about 1 o'clock in the morning and, as he did not feel well, reached for a bottle of whisky which was on a shelf along side of the bottles of whisky. ## ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

Mrs. Sara Wilson

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:—

About nine months ago I was a great sufferer with womb trouble, which caused me severe pain extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a splendid uterine tonic. It makes the monthly periods regular and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women.

Mrs. Sara Wilson, 31 East 33rd Street, Cincinnati, Ohio.

If you have suppressed or painful menstruation, weakness of the stomach, indigestion, bloating, leucorrhoea, flooding, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, exaltation, backache or the blues, these are sure indications of female weakness, some derangement of the uterus or ovarian trouble. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.
